# ABOUT SOCIACT

## Public Health | Sports | Wellness

SOCIACT is a hub of social innovation, with the aim of increasing social awareness in the field of Health, Sports and Education at a local, national and international level, through the creation of educational methods and practices aimed at promoting public health, sporting & educational excellence and the UN Sustainable Development Goals (SDGs).

# WHAT WE DO

---

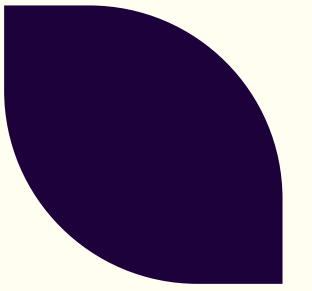

We provide a wide range of services, along with managerial and administrative guidance that cover the needs of today's social needs through innovation. We use flexible means and procedures to achieve the effective implementation of each project.

+
